

THAW GETS DELAY IN CANADA COURT

Legal Battle Royal Being Waged to Prevent Asylum Refugee From Being Brought Back to U. S.

Sherbrooke, Que., Sept. 2.—Harry K. Thaw won more delay today in his fight against return to the Matteawan asylum and tonight he was back in his cell at the Sherbrooke jail. There he will remain until Superior Judge Matthew Hutchinson renders his decision on the question of sustaining or dismissing the habeas corpus writ, arguments on which were heard today in chambers. The decision may come tomorrow, but more probably on Thursday.

It was a day of alternate joy and depression for Thaw. At the opening of the hearing, he faced a new and dangerous opponent in Alime Geoffrion, of Quebec, special emissary from the provincial attorney general and premier, Sir Lomer Gouin, and from his lips Thaw heard that the attorney general was insistent that there be no more delay in the case and that the habeas corpus writ, failing other steps would be taken to insure Thaw's release and seizure by the immigration authorities. This would mean the start of the return trip to the asylum on the Hudson.

Trans-Continent Hike as Bracer to Health.

New York, Sept. 1.—Herbert H. Hoover, who double crossed the continent in 322 days, narrowly escaped arrest today when he arrived here at the completion of his journey. His long hair and ragged clothes attracted the attention of a policeman, but after the officer had seen letters from chiefs of police of towns all the way across the country which the pedestrian carried with him, he respectfully directed Hoover to police headquarters, where Hoover told his story. The walker said that by tramping to San Francisco and back he had won a wager of \$1,000, but that his principal purpose in making the journey on foot was to improve his health. In this he has succeeded. When he started he was threatened with consumption and weighed only 104 pounds. Now he weighs 140 pounds, and is in the pink of condition. Hoover is 21 years old.

Uncle Sam's Big Department Store.

As an international department store the United States is rapidly becoming the shopping center of the world, for in July the business done with other nations exceeded all records for any single month in the history of the nation.

The department of commerce, in a statement made public Thursday, takes added satisfaction in the showing because this record was established in spite of the fact that the imports fell below those of July, 1912. The balance of trade was all in favor of American manufacturers and producers.

Last month the exports were more than \$11,000,000 greater than in the corresponding month last year, while in the twelve months, ending with July 31, the goods sent abroad exceeded in value by more than \$252,000,000 the merchandise and products sold to foreign buyers in the preceding twelve months.

Newest Battleship May Be Named North Carolina.

(Asheville Citizen.)
North Carolina will probably be honored by having one of the big new battleships named after it, so I noticed in the newspapers," said R. K. Baird, formerly of Edenton, but now holding a department government position in Washington. Mr. Baird is in Asheville for a brief vacation.

Secretary of the Navy Josephus Daniels will probably designate battleship No. 39 as the U. S. S. North Carolina. Work on the big sea fighter has just commenced at the New York navy yard. With the Pennsylvania, its sister ship, recently started at the Newport News ship yards, it is the largest battleship yet laid by the navy. North Carolina is at present represented by a cruiser but its name will be changed to one of the cities of the state, Asheville, Charlotte or Winston-Salem, according to the information that we have in Washington.

MULHALL EXONERATES N. C. CONGRESSMAN WEBB.

Washington, Sept. 2.—Before continuing cross examination of Martin M. Mulhall today the house lobby committee questioned John A. McDermott, manager of the United-States Brewers' association, about a \$500 campaign contribution to Representative J. T. McDermott in 1912. He insisted it was made "as a friend" and not for the brewers.

The committee cross examined Mulhall about his relations with Representative George W. Fairchild, of New York.

The committee began a detailed cross examination of Mulhall concerning his activities, particular attention being given to the use of certain representatives' names in the "lobbyists' correspondence. Mulhall swore that he had never attempted to influence Representative Shirley, of Kentucky, Webb, of North Carolina, or Covington, of Maryland, whose names he had mentioned in his charges.

N. YORK MUDDLE MAY BE CLEARED

Governor Sulzer Issues Pardon to Prisoner and Matter of Authority May Be Brought Before Courts.

Albany, N. Y., Sept. 2.—Announcement that Governor Sulzer had pardoned Joseph G. Rob'n, who is serving a term in the penitentiary on Blackwell's Island for wrecking the Northern bank and the Washington Savings bank of New York, was made at the executive chamber late today, although the pardon was granted last Saturday.

Simultaneously word came that Supreme Court Justice G. B. D. Hassbrouck issued a writ demanding the production of the prisoner before him at Kingston on Thursday. Both the friends and opponents of Governor Sulzer regard this proceeding as a court test of the validity of the impeachment of the governor in advance of the time set for the convening of the court of impeachment. It is known, however, that Judge D. Cady Herrick and others close to the governor advised strongly against issuing the pardon.

Acting Governor Glynn tonight refused to comment on the circumstances.

At present there are ten vacancies in the squad, with no recruits in sight.

Armor Plate Factory is Urged by Secretary Daniels.

Hartford, Conn., Sept. 1.—Secretary of the Navy Josephus Daniels, speaking at the Connecticut state fair today, urged that the government should own its armor plate factory. "We are up against the same thing in armor plate as we were with gunpowder and guns when we started making them for ourselves," he said. "Exorbitant prices were charged for those goods and now the prices are coming down gradually. We should have a factory and make at least a part of the armor we need. Then we will be able to get armor at a reasonable figure."

With the exception of shocking several citizens slightly, there was no serious damage done by all of the noise and bluster.

September Reservations.

BRIGHT ARE PROSPECTS CITY HIGH SCHOOL

Preparations are now in the making for a thorough reorganization of the Hendersonville High School when the session for the autumn opens Sept. 22. Prof. W. H. Cale, superintendent of city schools has returned from his vacation and says that the are very bright for a very successful school year, not only in matter of increased attendance but also from the instruction standpoint. The commercial course which was begun last year proved very successful and the opportunities presented by it were taken advantage of by many desiring to fit themselves for commercial duties. This year the school board has provided for a manual training branch, which will be under the direction of Prof. Cale for a while at least. He hopes to make it a very important adjunct and through it will train the body as well as the mind of the students. The teachers who will teach in the city school during the coming scholastic year are all competent and qualified and are thoroughly in earnest. A number of changes in changes in the personnel will be made because of several resignations tendered by former teachers who have been called to other fields of action. A full list of the teachers who are to serve this year will be found in the next issue of the Democrat.
